## AMBIT LAMP SERIES

"What defines our attraction to shapes? With the Ambit Lamp Series, we wanted to explore form and proportions in a thorough and meticulous way. We discovered a unique dynamic between linear and rounded shapes that gives the lamp its unique outline, making the Ambit Lamp Series a timeless design that you'll never grow tired of while its handspun aluminum material and contrasting white inner makes for an elegant touch."

## BEAM TABLE LAMP

"The idea for the Beam Table Lamp came while renovating my childhood home. I had made a shelf to use as divider between the hallway and living room and needed a lamp that could at once throw light out into the living room and down the hallway. The Beam Table Lamp mimics a single ray of light that travels through a round tube with its dimmer allowing the user to change the volume of light omitted from both ends of the cylinder shape. Tweak the design to your personal needs through its rotating base and sleek body of anodized aluminum, whether it be as direct lighting or for an ambient glow. With the Beam Table Lamp, you can alter the volume of light omitted, change its direction by the turn of its base and place it on any shelf, table or windowsill for a new perspective on modern lighting."

— Tom Chung

Designed by	Tom Chung / 2018
Environment	Indoor
Country of Production	China
Cord Length	250 cm / 98.4"
Bulb Included	Yes
Dimmable Function	Yes
Description	The Beam Table Lamp is a versatile table lamp with a modern expression and intuitive user-friendliness. With light shone from both ends of a cylinder shape, the user can choose between three different volumes of light and gradually alter the volume of light emitted in each end through the turn of a playful dial. The Beam Table Lamp can be altered for any position with its rotating base and sleek body of anodized aluminum, whether it be as direct lighting or for an ambient glow in any home, offices, hotel room and educational areas.
Material	Body in anodized aluminum for a matte feel and vibrant look. Cord in PVC. It has a built-in energy efficient LED bulb. The lifetime of the LED bulb is defined as the time it takes until the light output/lumen maintenance reaches 90% (L90) of the initial output. The integrated bulb has a lifespan/lumen maintenance (L90) of 35,000 hours.
Cleaning & Care	Clean with soft dry cloth only. Always switch off electricity supply before cleaning.

## CONTROL TABLE LAMP

"The Control Table Lamp is a unique and playful lamp with references to hi-fi and industrial machinery. The light and dimmer is controlled by a switch, referencing volume controls, and is an inviting and simple way of interacting with the user. While designing the lamp, we were inspired by the idea of displaying the different lamp components on a serving plate—almost as a still life. It was a pragmatic approach to making a lamp by the simplest means, a reduced design beyond reduction."

## COSY IN GREY TABLE LAMP

"The idea for the Cosy In Grey was to create a lamp that created a spatial atmosphere within the room. I put my trust in the natural material of glass; its beauty and changing reflections. The Cosy In Grey Table Lamp expresses the beauty of electrical light in a modern form. Whether it be early mornings, during lunch or a cold night, the Cosy In Grey Table Lamp will bring a warm and friendly atmosphere to any space."

## POST LAMP SERIES

"The Post Lamp Series came from the idea of exploring the flexibility of the magnetic joint, giving the user the freedom to position and dim the lamp's light units according to individual needs. Designed with a sculptural expression, simple lines and a refined finish, the Post Lamp Series represents a new perspective through its graphic character and forward-thinking functionality."

## TIP LAMP SERIES

"The Tip Lamp Series is a simplistic and friendly design featuring a characteristic architectural silhouette. During the design process, we focused on polishing every single detail alongside the design's functionality. I wanted to reduce the design to the very essence of its purpose—intending to create a product that anyone would understand and be able to use in their daily lives. Its molded body gives the Tip Lamp Series a clean and precise look, highlighting its appearance of quality."
