AMBIT LAMP SERIES

"What defines our attraction to shapes? With the Ambit Lamp Series, we wanted to explore form and proportions in a thorough and meticulous way. We discovered a unique dynamic between linear and rounded shapes that gives the lamp its unique outline, making the Ambit Lamp Series a timeless design that you'll never grow tired of while its handspun aluminum material and contrasting white inner makes for an elegant touch."

BEAM TABLE LAMP

"The idea for the Beam Table Lamp came while renovating my childhood home. I had made a shelf to use as divider between the hallway and living room and needed a lamp that could at once throw light out into the living room and down the hallway. The Beam Table Lamp mimics a single ray of light that travels through a round tube with its dimmer allowing the user to change the volume of light omitted from both ends of the cylinder shape. Tweak the design to your personal needs through its rotating base and sleek body of anodized aluminum, whether it be as direct lighting or for an ambient glow. With the Beam Table Lamp, you can alter the volume of light omitted, change its direction by the turn of its base and place it on any shelf, table or windowsill for a new perspective on modern lighting."

— Tom Chung

Designed by	Tom Chung / 2018
Environment	Indoor
Country of Production	China
Cord Length	250 cm / 98.4"
Bulb Included	Yes
Dimmable Function	Yes
Description	The Beam Table Lamp is a versatile table lamp with a modern expression and intuitive user-friendliness. With light shone from both ends of a cylinder shape, the user can choose between three different volumes of light and gradually alter the volume of light emitted in each end through the turn of a playful dial. The Beam Table Lamp can be altered for any position with its rotating base and sleek body of anodized aluminum, whether it be as direct lighting or for an ambient glow in any home, offices, hotel room and educational areas.
Material	Body in anodized aluminum for a matte feel and vibrant look. Cord in PVC. It has a built-in energy efficient LED bulb. The lifetime of the LED bulb is defined as the time it takes until the light output/lumen maintenance reaches 90% (L90) of the initial output. The integrated bulb has a lifespan/lumen maintenance (L90) of 35,000 hours.
Cleaning & Care	Clean with soft dry cloth only. Always switch off electricity supply before cleaning.

CONTROL TABLE LAMP

"The Control Table Lamp is a unique and playful lamp with references to hi-fi and industrial machinery. The light and dimmer is controlled by a switch, referencing volume controls, and is an inviting and simple way of interacting with the user. While designing the lamp, we were inspired by the idea of displaying the different lamp components on a serving plate—almost as a still life. It was a pragmatic approach to making a lamp by the simplest means, a reduced design beyond reduction."

COSY IN GREY TABLE LAMP

"The idea for the Cosy In Grey was to create a lamp that created a spatial atmosphere within the room. I put my trust in the natural material of glass; its beauty and changing reflections. The Cosy In Grey Table Lamp expresses the beauty of electrical light in a modern form. Whether it be early mornings, during lunch or a cold night, the Cosy In Grey Table Lamp will bring a warm and friendly atmosphere to any space."

EASE PORTABLE LAMP

"I wanted the Ease Portable Lamp to have a remarkable quality of light, striking a versatile balance between atmospheric and functional light — after all, that is the wonderful thing about a portable lamp — you can bring a distinct ambience to literally anywhere. I landed on the idea of the top and bottom gently touching, softly meeting each other. There is a sense of lightness to it. This feature allows a large surface to emit light, while the flared bottom firmly stabilizes it. It is these details that give the lamp a sort of human quality, making it a reliable friend."

— Johan van Hengel

Design by	Johan van Hengel / 2023
Environment	Indoor / Outdoor
Country of Production	China
Cord Length	90 cm / 35.4"
Bulb Included	Yes - Integrated, non replaceable LED
Dimmable Function	Yes - Three step dimming
Description	Inspired by shapes of traditional table lamps, the Ease Portable Lamp transforms this typology into a carryable size, suitable to take wherever. Ease offers a high-quality dimmable, no-glare light with three levels, striking a balance between atmospheric and functional light. The design has a distinct lightness to it, with the top and bottom gently touching. A slightly flared bottom mimics the lip of a vase in a grounding gesture that allows the base to be slimmer and easier to grab. Ease Portable Lamp is a humble friend with a strong character that works alone or in repetition in any setting; from the bedside, reading nook and home office to the restaurant or café table, co-working space or library.
Material	Battery-powered, dimmable and portable lamp with 8 hours of battery life on 100% intensity, 16 hours on 50% intensity and 29 hours on 25% intensity. Body and lampshade made in injection-molded ABS plastic, with an integrated LED light source. Diffuser in opal acrylic. Charging dock made in injection-molded ABS plastic with USB-C cable. Lumen Maintenance (L70): 52,000h. Lumen: 230lm on 100% brightness. Kelvin: 2700K. CRI >90. The Ease Portable lamp is suitable for outdoor use with an IP54 rating. The lamp is protected and tested against solid foreign objects, such as dust ingress, as well as liquids, such as water splashes, from all angles.
Cleaning & Care	Clean with a moist cloth. If necessary, use a little dish soap on the cloth.

FOCUS TABLE LAMP

"The Focus Table Lamp is an everyday object with a sculptural appeal and an apparent function: it is a lamp and a pedestal where your favorite small objects may be placed and highlighted. Working with the appearance and the delicate dimensions, I tried to give the lamp a unique personality characterized by an embracing and protective nature. The focus is on the pedestal and the object which is placed on it. Therefore, all components are fixed in position. Personally, the pedestal, with a cone of ambient light, solved my problem of misplacing my keys. Now I always know where they are."

LINEAR LAMP SERIES

“The Linear Lamp Series is designed from the idea of creating smaller atmospheres through modern light, bringing a sense of intimacy to larger spaces. With their elegant expression, subtle details and inherent functionality, the designs create space for both being and working on your own as well as making for a friendly environment when in the company of others. Use the Linear Lamp Series in any space in need of modern, functional lighting.”

— Thomas Bentzen

PITON PORTABLE LAMP

"My idea for Piton started from the desire to create a rechargeable portable lamp that could be adapted in a multitude of ways while functioning in various environments. I wanted the design to fulfill the inherent needs of a torch; providing security and warmth while clearly illuminating your field of vision. Piton takes its name from a climbing apparatus that is jammed into cracks and crevices on mountainsides to which the climber can attach hooks, tools and ropes while rigging it in various positions; an element that is also present in the design of the Piton Portable Lamp."

— Tom Chung

Designed by	Tom Chung / 2022
Environment	Indoor / Outdoor
Country of Production	China
Cord Length	300 cm textile USB cable (no power adapter included)
Bulb Included	Yes - integrated LED
Dimmable Function	Yes - Continuous
Description	Piton is an untraditional take on the battery-powered portable lamp, playfully referencing the archetypal flashlight. Refined anodized extruded aluminum enhances its elegant form and distinct functionality inspired by tools used for mountain climbing. It is a versatile ambient light with 6 hours of battery life on 100% brightness and 13,5 hours on 50% brightness that can be used lying, standing, tilting on a shelf or suspended, depending on the space or spot you want to illuminate, effortlessly moving between indoors and outdoors.
Material	Battery-powered portable lamp with 6 hours of battery life on 100% brightness and 13,5 hours on 50% brightness. Continuous dim function. Body made from anodized extruded aluminum. Lamp shade made in injection molded plastic with an integrated and replaceable LED light bulb. Comes with a woven fabric USB-C cable for charging. The Piton Portable Lamp is suitable for outdoor use with an IP54 rating. The lamp is protected and tested against solid foreign objects, such as dust ingress, as well as liquids, such as water splashes, from all angles.
Cleaning & Care	Clean with a moist cloth. If necessary, use a little dish soap on the cloth. Always switch off the electricity supply before cleaning.

RIME PENDANT LAMP

"Designing simple things is often one of the hardest things to do. We wanted to create a simple lamp with a glass shape, giving it a soft expression while making its top and pendant tube as subtle as possible. We were inspired by the shape of acorns for the gentle lines of the pendant while hinting towards the shaded expression of ice and rime for the glass of the design, allowing for the light to shine slightly through with a refined touch. The Rime Pendant Lamp brings a timeless yet modern perspective to the archetypal light through its translucent shade and graphic form."

TIP LAMP SERIES

"The Tip Lamp Series is a simplistic and friendly design featuring a characteristic architectural silhouette. During the design process, we focused on polishing every single detail alongside the design's functionality. I wanted to reduce the design to the very essence of its purpose—intending to create a product that anyone would understand and be able to use in their daily lives. Its molded body gives the Tip Lamp Series a clean and precise look, highlighting its appearance of quality."
