Overview

Medium sized businesses and enterprises today are increasingly looking to innovative printing technologies to boost staff performance and office productivity. Globally, Average Monthly Print Volumes (AMPV) are at all-time highs and there is growing demand for professional-grade color printing across a wide variety of print media. Competitive businesses operating in fast-paced environments demand reliable, all-in-one printing equipment and customizable solutions. To meet their needs, we proudly introduce the Samsung ProXpress C4060 Series.

Samsung's innovative ReCP technology ensures picture perfect quality text and images every time, and scan speeds come in at 60 images per minute (ipm). Staff will also appreciate the ease-of-use and customizability of Samsung's unique Smart UX Center. Coupled with a wide range of apps and solutions, the Android-based printing user interface is familiar and easily accessed on an intuitive 7-inch touchscreen. Admin staff will appreciate the large toner capacity and long-lasting parts, which significantly reduce Total Cost of Ownership (TCO). Ultimately, the ProXpress C4060 series offers powerful performance at affordable costs with lower maintenance needs.
