## General

---

HOWE standard delivery times in EU are usually: Chairs 4-6 weeks, Tables 5-7 weeks.

In case of large quantities and/or customized products delivery time will be determined on a case-by-case basis.

The following products may have a slightly longer lead time so please ask HOWE:

- SixE: 4-leg on castors, Brace-linking, Barstools
- AS100 upholstered

For chairs with upholstery, the lead time starts being counted once fabric reaches the production line.

We recommend linking only for chrome frames.

Frame colours from RAL K5 colour card are available. For quantities < 200 chairs the colour fee is 2550 SEK per RAL colour. For quantities ≥ 200 chairs there is no fee. Visual impressions of particular RAL may differ on various surfaces. Preparing product's sample(s) is compulsory. Lead time to be confirmed by HOWE CS.

We recommend only stacking chairs with chrome frame.

Veneer is a natural material - differences in structure and colour may occur.

Upholstered armrests are as standard in the same fabric/leather type and colour as the seat and the back.

Soft castors are recommended for hard floors, hard castors are recommended for soft floors.

## 40/4

---

Table surface protection protects the table surface when the chairs are hung up; it may be used only for non-linking chairs.

Please be aware that extra glides are not available for wooden frames.

40/4 can be stacked on a single, double, triple or quarto dolly. Double, triple, and quarto can only be used with hook/eye linking.

As standard chair top frame and its swivel base are of the same colour but be aware that they are always matched by the chrome gas lift.

Glides for linking side chairs; the whole set for one linking side chair comprises of one male glide and one female glide at the front part of the frame (reinforcing the linking in the front part of the chair frame) plus two regular glides at the rear part of the frame; whether these are glides with or without felt depends only on customer's needs.

Regular glides are suitable for non-linking side chairs, for all types of armchairs and for lounge chairs; the whole set comprises of four clear regular glides per chair.

Glides for barstool with both chrome and painted frames; the whole set comprises of four regular glides per chair.

Price list 2024 - SEK excl. V.A.T. - Version 1.0

## General

---

HOWE standard delivery times in EU are usually: Chairs 4-6 weeks, Tables 5-7 weeks.

In case of large quantities and/or customized products delivery time will be determined on a case-by-case basis.

The following products may have a slightly longer lead time so please ask HOWE:

- Simpla: Trapezoidal
- Tutor: 1390 mm double table (for armchairs and swivel chairs), F200 black tabletop

In case of using any electrification, accessories, or making configurations, the lead time starts being counted once technical drawings are approved by the customer.

Linking is recommended to ensure strong connection and levelling. Please use for both temporary and lasting tables' arrangements.

Veneer is a natural material - differences in structure and colour may occur.

Linoleum is a natural material - the variation of colours may appear due to a natural phenomenon called "drying room yellowing". In such case, please expose the top to either natural or artificial light to allow the tint to disappear.

Crescent shape – the inside curve of top may be exchanged for straight edge, especially if Modesty panels are needed – ask Customer Service for details.

Table ranges are estimates, mostly for rectangular tops. For non-rectangular tables or questions for sizes outside of the ranges, please contact your local Customer Service (CS) representative. If chamfered edges are requested, minimum size increases - check with CS.
